Greetings!

Thank you so much for your donation to ReStore! The windows are wonderful! It is companies like Elite Remodeling Group that make ReStore a success and enable Habitat for Humanity of Northern Fox Valley to continue to build homes for families in the area.

Since ReStore opened in April 2006, we've raised enough funds to build 28 homes and we estimate that we've diverted over 4,200 tons of material from overflowing landfills. This was accomplished because of businesses like yours.

We so appreciate your kindness and generosity....and support of Habitat ReStore!

Please keep us in mind for future donations, and if you have any questions, please don't hesitate to contact me.

Sincerely,

Deanna Davies
